

Translator's Notes:

In Example 9, an unknown number of words is presumably missing between "sowie" and "gegeben" (German page 12, line 37). The missing word(s) would come between "and" and "is added" (English page 22, last line).

In Example 26a, the last sentence presumably has a verb missing. From the context of the preceding sentence, this verb would appear to be "washed," and thus "washed" was inserted in brackets in the English translation (p. 44, line 7).

There is presumably a word missing in the title of Example 34, and the word is probably "mittels [using]" before "elektrochemischer Reduktion [electrochemical reduction]," as it appears in the title of Example 33.

In Examples 40-46, it appears that in the first half of the sentence, a verb was forgotten: specifically, "a [Strecker or Z or nitinol] stent is \_\_\_ in an electrolysis cell," where the missing word (represented by the underline in this Note) probably should be "placed." A literal translation is rendered here, however, namely "a [Strecker or Z or nitinol] stent...is in an electrolysis cell...."
